

For Immediate Release

The 2016 Nissan Lineup: Charting the Changes

Nissan is a brand on the move. And on a roll. The past two years have seen the back-to-back introductions of the segment-busting 2014 Rogue and 2015 Murano, which helped drive Nissan to record 2014 calendar year sales of 1,269,565 (+12.2%) in the United States.

Among the models setting all-time annual sales records were Altima, JUKE, LEAF, NV, Rogue and Versa. The Nissan LEAF sold more than 30,000 units in the U.S. – the first time any plug-in vehicle has reached that milestone in a single year.

Nissan also achieved the highest fuel economy rating of any full-line manufacturer in the United States, according to the 2014 Environmental Protection Agency (EPA) "Trends" Report. Nissan's fleet-wide fuel economy rating of 26.2 combined mpg was highest among all full-line automakers in the annual report, which is the authoritative reference on new light-duty vehicle carbon dioxide emissions, fuel economy and powertrain technology trends in the United States.

This year has also been a significant one for NISMO, Nissan's motorsports group, both on and off the track. The current portfolio of production NISMO vehicles includes two JUKE models, 370Z and the 600-horsepower GT-R NISMO. On the track, the revolutionary Nissan GT-R LM NISMO made its competition debut at the 2015 Le Mans 24 Hours, while NISMO-powered LM P2 race cars took the top six finishing positions in the class.

New for 2016

Leading the way for 2016 are two more all-new models – the eighth-generation Nissan Maxima "4-Door Sports Car" and the category redefining, Cummins diesel-powered Nissan TITAN XD pickup. The stunning new Maxima arrived at Nissan dealerships nationwide in June and will be followed by TITAN XD later in the year.

But that's not all. Two of the company's top-selling models, Altima and Sentra, also will see significant refreshing in the 2016 model year. Details on both vehicles will be announced shortly.

The new model year also sees the continued advancement of Nissan safety and connectivity system technology across the widest-ever application of vehicles and trim levels – including NissanConnect with Navigation and Mobile Apps, NissanConnect Services telematics, Predictive Forward Collision Warning (PFCW), Driver Attention Alert (DAA) and Around View[®] Monitor (AVM) with Moving Object Detection (MOD), just to name a few.

Nissan's Forward Emergency Braking (FEB), which uses radar technology to monitor speed and proximity to the vehicle ahead, is now available on the 2016 Rogue. It joins Murano and Maxima as vehicles offering this advanced technology usually found on more expensive luxury vehicles. Nissan will add the technology to more products

***All information current as of August 2015 and subject to change without notice. 1**
Please see www.nissannews.com for the latest Nissan product information

before the year is finished.

The new year also sees the introduction of Siri™ Eyes Free to the Nissan lineup, beginning with the 2016 JUKE and Rogue. The system allows drivers to utilize the Siri™ function on equipped iPhones® through a voice command button on the steering wheel without having to take their eyes off the road.

Here is an overview of the major enhancements to Nissan cars, SUVs and trucks for the 2016 model year, followed by a top-line overview of the 2016 changes and more complete "Fast Facts" product information:

- Versa Note SV adds content of the previous SV Convenience Package as standard equipment, including: NissanConnect with Mobile Apps, 5.0-inch color display, Streaming audio via Bluetooth®, Hands-free Text Messaging Assistant and SiriusXM Satellite Radio (SiriusXM subscription required, sold separately), RearView Monitor and Divide-N-Hide® Adjustable Floor
- 370Z Coupe and 370Z NISMO add a new available Bose® audio system incorporating Active Noise Cancellation (ANC) and Active Sound Enhancement (ASE)
- JUKE adds two new Personal Package options, Solar Yellow on the SV grade and Super Black on the SL grade, along with the addition of standard Siri™ Eyes Free
- Pathfinder features new high-contrast Almond interior, and a Cold Package is now available with the SV grade
- Quest adds a standard Dual Panel Moonroof on Platinum grade
- Rogue adds Forward Emergency Braking (FEB) to Rogue SL Premium Package; Rear Cross Traffic Alert (RCTA) added to Rogue SV and SL Premium Packages; NissanConnect Services telematics added to Rogue SL; Siri™ Eyes Free added to Rogue SV Premium Package and Rogue SL
- NV Cargo adds 1st row side- and roof-mounted curtain supplemental side-impact air bags with rollover sensor for front outboard occupant head protection as standard equipment
- And Xterra, one of the boldly designed vehicles that helped reinvigorate the Nissan brand at the beginning of the century, will go out of production after a highly successful 15-year run

As always, stay tuned to NissanNews.com for the latest updates on Nissan products, pricing and other activities in the United States and around the world.

NISSAN CARS

2016 Nissan Altima

In 2015, Altima not only remained Nissan's best-selling vehicle, it continues as one of the nation's top-selling cars. Details on the new 2016 Altima will be available closer to its arrival at Nissan dealers nationwide.

2016 Nissan LEAF

Nissan LEAF continues as the best-selling 100-percent electric vehicle in the world. LEAF's popularity continues to grow as a mix of new and returning customers seek its quiet, fun and sustainable driving experience. Nissan LEAF buyers are also discovering its value as a primary everyday vehicle – with High Occupancy Vehicle

Please see www.nissannews.com for the latest Nissan product information

(HOV) access (check local regulations) and range more than twice the average driver's daily need*.

More than 80,000 LEAFs have been sold in the U.S. alone (through mid-2015 calendar year).

Enhancements for 2016 will be announced later in the year.

*Source: Federal Highway Administration (FHWA) 2009 National Household Travel Survey (NHTS).

2016 Nissan Maxima

The all-new 2016 Nissan Maxima sets a new standard for style, performance and technology in the large sedan segment. Its groundbreaking presence is also intended to "Maximize" the Nissan brand itself – as a halo vehicle showcasing the company's cutting edge design, performance and innovation leadership. Now in its eighth generation, the new 2016 Maxima takes the nameplate's position as the "4-Door Sports Car" to its highest execution ever.

- Authentic sports car cues through low and wide proportions, powerful body sculpting, flared fenders and available machine-finished 19-inch wheels
- New 3.5-liter DOHC 24-valve V6 with more than 60 percent new parts – rated at 300 horsepower @ 6,400 rpm and 261 lb-ft torque @ 4,400 rpm and high specific output of 85.7 hp/liter
- New performance-oriented Xtronic transmission with wider ratio range, D-step shift logic, Adaptive Shift Control (which includes G-sensor) and unique Sport mode
- Maxima SR features a sport-tuned suspension with monotube rear dampers with unique damper tuning and a larger stabilizer bar in the front, along with a Performance Chassis Damper (similar to 370Z NISMO)
- Standard NissanConnect with Navigation and 8.0-inch capacitive color display with smartphone-like controls and swipe-to-meter functionality
- Available premium Ascot Leather-appointed seats with diamond-quilted inserts (Alcantara® diamond-quilted inserts on SR model)
- Available Predictive Forward Collision Warning (PFCW), Intelligent Cruise Control (ICC), Driver Attention Alert (DAA) system, Forward Emergency Braking (FEB), Blind Spot Warning (BSW) and Rear Cross Traffic Alert (RCTA)
- Available NissanConnect Services powered by SiriusXM with automatic collision notification, remote start via smartphone, emergency call, stolen vehicle locator and more
- Available Active Sound Enhancement (ASE), Bose® premium audio system with 11 speakers and Active Noise Cancellation (ANC)
- Fuel economy: 22/30/25 mpg city/highway/combined
- Offered in five fully equipped models: Maxima S, SV, SL, SR and Platinum – with a starting M.S.R.P. of \$32,410 USD
- Available now

2016 Nissan Sentra

Now in its seventh-generation, the Nissan Sentra continues to be among Nissan's – and the segment's – most popular vehicles, providing an outstanding combination of roominess, performance, value and class-above style. Further information about the new Nissan Sentra will be available later in the year.

***All information current as of August 2015 and subject to change without notice. 3**
Please see www.nissannews.com for the latest Nissan product information

2016 Nissan Versa Sedan

The 2016 Nissan Versa Sedan once again offers high value, exceptional roominess and mid-size vehicle technology without a mid-size price.

Following an extensive makeover just last year – including new front and rear fascias, a range of interior refinements and new packaging content – for 2016 Versa Sedan receives two new colors and standard body-colored power outside mirror on all models. Versa Sedan is powered by a 1.6-liter DOHC 16-valve 4-cylinder and achieves 40 miles per gallon highway fuel economy when equipped with the Xtronic transmission.

Enhancements for 2016 include:

- Body-colored power outside mirrors now standard on all grade levels
- Addition of standard rear speakers for Versa Sedan S grade
- SL grade adds leather-wrapped steering wheel
- Two new exterior colors – Cayenne Red and Gun Metallic (Red Brick and Magnetic Gray are no longer available)
- Offered in S, S Plus, SV and SL models
- On sale August 2015

2016 Nissan Versa Note

The Nissan Versa Note, now in its third year of production, is again offered in a range of five well-equipped models: S, S Plus, SV, SR and SL. Like the Versa Sedan, Versa Note is powered by a 1.6-liter DOHC 16-valve 4-cylinder and achieves 40 miles per gallon highway fuel economy (equipped with the Xtronic transmission).

Versa Note SR offers a number of unique exterior and interior treatments, including sporty front and rear fascias and grille, dark headlight surrounds, fog lights, rear spoiler, suede-like seats and 16-inch sport machine-finished aluminum-alloy wheels and outside rearview mirrors with integrated turn signals.

The top-of-the-line Versa Note SL features a range of special equipment, including NissanConnect with Navigation and Mobile Apps, 5.8-inch color touch-screen display, Around View[®] Monitor, heated front seats and 16-inch aluminum-alloy wheels.

Enhancements for 2016 include:

- Versa Note SV grade adds as standard equipment the content of the previous SV Convenience Package, including: NissanConnect with Mobile Apps, 5.0-inch color display, Streaming audio via Bluetooth[®], Hands-free Text Messaging Assistant and SiriusXM Satellite Radio (SiriusXM subscription required, sold separately), RearView Monitor and Divide-N-Hide[®] Adjustable Floor
- Two new exterior colors: Cayenne Red and Gun Metallic (Red Brick, MorningSky Blue and Magnetic Gray no longer available)
- Offered in S, S Plus, SV, SR and SL
- On sale August 2015

NISSAN SPORTS CARS

2016 Nissan GT-R

For 2016, the Nissan GT-R defends its position as one of the most striking supercars in the market today – with new 20-spoke wheels for the GT-R Premium and a limited-availability 45th Anniversary Gold Edition with special exterior paint color. The 2016 GT-R is again offered in three fully equipped trim levels: GT-R Premium, GT-R Black Edition and the potent GT-R NISMO (limited availability).

The 2016 GT-R Premium and GT-R Black Edition are again powered by a 545-horsepower* 3.8-liter DOHC 24-valve V6. The VR38DETT V6 is backed by an advanced paddle-shifted sequential 6-speed dual clutch transmission, which can be driver-selected to shift at race car-like speeds**. All 2016 Nissan GT-Rs are built on an exclusive Premium Midship platform, which enables the use of the unique independent rear transaxle ATTESA E-TS all-wheel drive system.

GT-R's interior balances functionality with a sense of ease and comfort. It features sculpted performance bucket seats for an optimal driving position and a cockpit-style instrument panel with a large center-mounted tachometer and multi-function display – which includes mechanical and driving information, as well as an on-board driving recorder.

A specially designed 11-speaker Bose® sound system with speakers mounted in rigid aluminum die cast panels, which provides sound quality suitable for a supercar, is standard. The system includes a Bose® Active Noise Cancellation system (not applied to GT-R NISMO) tuned to reduce undesirable low-frequency engine sounds. Also standard on all models is a RearView Monitor.

The GT-R Black Edition adds special lightweight black aluminum forged RAYS® wheels, unique red and black interior, Recaro® leather-appointed seats and a unique dry carbon fiber rear spoiler.

Enhancements for 2016 include:

- New 20-spoke RAYS® aluminum-alloy forged wheels with premium dark (near black) finish replace the previous 10-spoke design
- New 45th Anniversary Gold Edition (limited availability), built from the GT-R Premium model, features a special "Silica Brass" paint color, a gold-tone VIN plate located inside the engine compartment and a commemorative plaque on the interior center console
- The 2016 Nissan GT-R is offered in three models: GT-R Premium, GT-R Black Edition and GT-R NISMO (see the following section for more details)
- On sale now at select GT-R certified Nissan dealerships nationwide

*93 octane gasoline required.

**Damage resulting from racing, competitive driving, track and/or airstrip use not covered by warranty. See your New Vehicle Limited Warranty and Owner's Manual for proper vehicle operation and complete warranty details.

2016 Nissan GT-R NISMO

NISMO, the heart and soul of Nissan performance for both the track and on the street, continues to raise the bar for straight-from-the-factory enthusiast vehicles.

***All information current as of August 2015 and subject to change without notice. 5**
Please see www.nissannews.com for the latest Nissan product information

For 2016, the lineup of production NISMO models available in the United States again includes the 600-horsepower GT-R NISMO, JUKE NISMO and JUKE NISMO RS models, and the Nissan 370Z NISMO and 370Z NISMO Tech.

Now in its second year of availability, the race-oriented 2016 Nissan GT-R NISMO delivers factory-tuned supercar dynamics with advanced aerodynamics and ultra-precise handling. It takes the standard GT-R, which is already established as one of the best performing supercars in the automotive sphere, to an even higher level of street-legal driving excitement.

Developed by NISMO, Nissan's motorsport specialists, the 2016 GT-R NISMO model is available in very limited numbers in North America.

The 2016 GT-R NISMO again features an exclusive hand-assembled twin-turbo VR38DETT 3.8-liter V6 engine with 600 horsepower @ 6,800 rpm and 481 lb-ft of torque @ 3,200 – 5,800 rpm* – increases of 55 horsepower and 18 lb-ft of torque versus standard GT-R models – along with enhanced aerodynamics, body reinforcement and ultra-precise handling thanks to a variety of suspension refinements, creating a well-balanced machine that is at home on both the road and track**.

Exclusive interior features include Recaro® performance front bucket seats, a specially designed 11-speaker Bose® sound system, NISMO steering wheel design featuring Alcantara® leather with three spokes, red center mark and red stitching. Just one option is available for the GT-R NISMO – a Titanium exhaust system with reduced weight and thickness, integrated fins and undercover ducts.

In addition to the GT-R NISMO, the 2016 GT-R lineup includes the GT-R Premium and GT-R Black Edition.

- On sale now at select GT-R certified Nissan dealerships nationwide

*93 octane gasoline required.

**Damage resulting from racing, competitive driving, track and/or airstrip use not covered by warranty. See your New Vehicle Limited Warranty and Owner's Manual for proper vehicle operation and complete warranty details.

2016 Nissan 370Z Coupe

The 2016 Nissan 370Z once again offers extraordinary performance, design and an unmatched heritage as one of the most iconic sports cars in automotive history. It is offered in four well-equipped trim levels: 370Z, 370Z Sport, 370Z Sport Tech and 370Z Touring, with no available option packages. Also available are the Nissan 370Z NISMO and 370Z NISMO Tech, along with three 370Z Roadster models – 370Z Roadster, 370Z Touring Roadster and 370Z Touring Sport Roadster.

All 2016 370Z Coupe models are once again available with a standard 332-horsepower 3.7-liter DOHC V6 engine with Variable Valve Event and Lift Control (VVEL) and choice of 6-speed manual transmission with an available SynchroRev Match® synchronized downshift rev matching system or a 7-speed automatic transmission with paddle shifters. The iconic 370Z exterior, with its LED running lights and boomerang-style taillights, is matched with an innovative, driver-centric three-layer interior design that groups items by how a driver sees information,

***All information current as of August 2015 and subject to change without notice. 6**
Please see www.nissannews.com for the latest Nissan product information

operates the controls and is held in place – so drivers feel completely connected and engaged whenever and wherever they drive.

Enhancements for the 2016 model year include:

- The addition of a new Deep Blue Pearl exterior color (Midnight Blue no longer available)
- A new available Bose® audio system on the Sport and NISMO models, incorporating Active Noise Cancellation (ANC) and Active Sound Enhancement (ASE)
- The ANC system generates canceling sound to remove undesirable low frequency engine noise while preserving invigorating sounds of engine performance, providing a more “pure” sound (the system is also utilized on the Nissan GT-R)
- The ASE enhances natural engine sounds to help bolster the driver’s acceleration experience
- Offered in 370Z, 370Z Sport, 370Z Sport Tech and 370Z Touring models
- Available now

2016 Nissan 370Z NISMO

Significantly revised just last year with a new exterior design and redesigned RAYS® aluminum-alloy wheels, the 370Z NISMO and 370Z NISMO Tech both receive a new Bose® audio system, incorporating Active Noise Cancellation (ANC) and Active Sound Enhancement (ASE).

Once again in 2016 the 370Z NISMO’s GT-R-inspired functional and fully integrated aerodynamic body pieces provide an aggressive and more aerodynamic appearance, along with optimizing front and rear downforce. The deep front fascia includes Hyper LED Daytime Running Lights, black headlight bezels, NISMO emblem and signature NISMO red stripe accents. In the rear is a unique NISMO rear spoiler. The standard 19-inch NISMO super-lightweight forged aluminum-alloy wheels by RAYS® feature a twin-five spoke design and a charcoal gray machine finish.

Inside, the unique NISMO-styled interior features black-and-red Recaro® leather-appointed seats with Alcantara® accents. The seats were designed with Recaro® specifically for the 370Z NISMO to provide more uniform body pressure and better all-direction holding during spirited acceleration, braking and cornering. The interior also features red seat trim and stitching with NISMO logo, an Alcantara®-appointed leather-wrapped steering wheel with red center stripe and NISMO red tachometer.

As in previous years, the 2016 370Z NISMO is powered by a potent 350-horsepower 3.7-liter DOHC V6 engine with Variable Valve Event and Lift Control (VVEL). The engine is matched with an exclusive, tuned H-configured exhaust system design, muffler tuning and an optimized calibration is installed to help create 18 horsepower more than a standard 370Z Coupe. Torque is rated at 276 lb-ft.

Two transmission choices are offered on the Z NISMO model. The close-ratio 6-speed manual transmission features standard SynchroRev Match®, while the refined 7-speed automatic includes Downshift Rev Matching (DRM), Adaptive Shift Control and manual shift mode with paddle shifters.

Enhancements for 2016 include:

***All information current as of August 2015 and subject to change without notice. 7**
Please see www.nissannews.com for the latest Nissan product information

- New Bose® audio system incorporating Active Noise Cancellation (ANC) and Active Sound Enhancement (ASE)
- Offered in two fully equipped models: 370Z NISMO and 370Z NISMO Tech
- Available now

2016 Nissan 370Z Roadster

For 2016, the Nissan 370Z Roadster continues with the expanded model lineup from the previous year, with a choice of three well-equipped grades: 370Z Roadster, 370Z Roadster Touring and 370Z Roadster Touring Sport. The major change for 2016 is the addition of a new Deep Blue Pearl exterior color.

The 370Z Roadster's convertible top, which is designed to provide a sleek silhouette matching the 370Z Coupe's stunning styling with the top up or down, features an easy, single-action open-close operation. The interior is completely driver-centric, with its three-layer design grouping items by how a driver sees information, operates the controls and is held in place – so drivers feel completely connected and engaged.

As in previous years, the 2016 370Z Roadster's outstanding performance starts with a 332-horsepower 3.7-liter DOHC V6 engine with Variable Valve Event and Lift Control (VVEL), matched with a choice of electronically controlled 7-speed automatic transmission with Downshift Rev Matching (DRM) and standard paddle shifters or a 6-speed close-ratio manual transmission with available SynchroRev Match®. Responsive handling is provided by a refined 4-wheel independent suspension.

Along with the long list of standard equipment on the base 370Z Roadster, including Bluetooth® Hands-free Phone System, USB input and black-finished 18-inch aluminum-alloy wheels, the 370Z Touring Roadster adds Nissan Navigation System with 7.0-inch touch-sensitive display, Bose® audio system, cooling and heated ventilated leather-appointed seats and RearView Monitor. The top-of-the-line 370Z Touring Sport Roadster includes Viscous Limited-Slip Differential, SynchroRev Match® (manual transmission only), 19-inch RAYS® super lightweight forged aluminum-alloy wheels and Nissan Sport Brakes.

Enhancements for the 2016 model year include:

- New Deep Blue Pearl exterior color (replaces Midnight Blue)
- Offered in 370Z Roadster, 370Z Roadster Touring and 370Z Roadster Touring Sport models
- Available now

NISSAN CROSSOVERS, SUVS AND MINIVAN

Nissan Armada

Details regarding Armada will be available at a later date.

2016 Nissan JUKE

Since its launch for the 2011 model year, the Nissan JUKE has stood out from the crowd with its fiercely sculpted headlights and hood, muscular lines, hidden rear door handles and fluid rear hatchback design. Just last year, JUKE's bold style was enhanced with new front and rear fascias that further push the boundaries of its signature premium and sporty performance cues.

Inside, the distinctive JUKE interior continues in 2016 to combine bold design with traditional hatchback functionality. The sporty front bucket seats – available in a choice of fabric or leather appointments – frame the unique motorcycle tank-inspired center console. In the rear is a 60/40-split fold-down bench seat.

JUKE again comes equipped with a standard 1.6-liter Direct Injection Gasoline (DIG™) Turbo, 16-valve DOHC aluminum-alloy inline 4-cylinder engine rated at 188 horsepower and 177 lb-ft of torque. One transmission is offered: Nissan's advanced Xtronic transmission with Sport Mode and D-step Logic Control, which simulates shifts, giving a more natural acceleration feeling without holding a high rpm constant.

Perhaps the most intriguing aspect of the 2016 JUKE is the ability to personalize both the exterior and interior with a range of "color packs" to change the look and feel of the vehicle through the JUKE Color Studio.

The 2016 Nissan JUKE is offered in three grade levels, each available in front-wheel drive or all-wheel drive: S, SV and SL. In addition, two NISMO editions are available – JUKE NISMO and JUKE NISMO RS (for information, please see the following section).

Enhancements for the 2016 model year include:

- Two new Personal Package options (Solar Yellow and Super Black) that include painted outside mirrors and door handles, yellow painted center console and yellow interior stitching and seat inserts
- Addition of standard Siri™ Eyes Free
- Offered in JUKE S, SV and SL models (FWD and AWD)
- Available October 2015

2016 Nissan JUKE NISMO and JUKE NISMO RS

The 2016 JUKE NISMO and JUKE NISMO RS are part of a growing lineup of NISMO-branded factory performance machines in Nissan showrooms. Both the JUKE NISMO and JUKE NISMO RS are offered in a choice of front-wheel drive with 6-speed manual transmission or torque vectoring all-wheel drive with NISMO-tuned Xtronic transmission. Three non-NISMO models are also offered: JUKE S, JUKE SV and JUKE SL (for complete information, please see previous section).

Both the JUKE NISMO and NISMO RS include special exterior modifications designed to enhance aerodynamics, including NISMO front and rear fascias and side sills with a distinctive red stripe, special grille and light treatments, extended body-colored wheel flares, red outside mirror covers and unique rear spoiler and NISMO or NISMO RS badging. The JUKE NISMO and NISMO RS are offered in three exterior colors: Super Black, Brilliant Silver and White Pearl.

Inside, the NISMO-style interiors combine dark finishes and red accents. The leather and Alcantara®-wrapped steering wheel designs include a racing-inspired red top-center marking, while the special sport front seats offer added support and comfort while cornering, along with embossed NISMO logos and red stitching. NISMO RS adds unique Recaro® front seats with embossed logos.

The JUKE NISMO RS includes unique engine, suspension, steering and brake tuning (versus the JUKE NISMO and standard JUKES). The JUKE NISMO RS increases the

***All information current as of August 2015 and subject to change without notice. 9**
Please see www.nissannews.com for the latest Nissan product information

engine's performance to 215 horsepower (at 6,000 rpm) and 210 lb-ft of torque (from 3,600 to 4,800 rpm) for the 6-speed manual transmission-equipped front-wheel drive model. The JUKE NISMO RS AWD with Xtronic transmission is rated at 211 horsepower (at 6,000 rpm) and 184 lb-ft of torque (from 2,400 to 6,000 rpm).

The JUKE NISMO adopts a second-generation version of the 1.6-liter Direct Injection Gasoline (DIG™) Turbo, 16-valve DOHC aluminum-alloy inline 4-cylinder engine rated at 188 horsepower and 177 lb-ft of torque (with both 6-speed manual and retuned Xtronic transmissions).

Enhancements for the 2016 model year include:

- Addition of standard Siri™ Eyes Free
- Offered in JUKE NISMO and JUKE NISMO RS models (FWD and AWD)
- Available October 2015

2016 Nissan Murano

The Nissan Murano has always stood apart from ordinary crossovers with its refined yet daring and futuristic design. With the third-generation design – introduced for the 2015 model year – Murano kicks it up many notches with its concept car-like styling, premium interior and advanced, purposeful technology. Murano's magnetic exterior design projects a sense of refined intensity, creating an immediate "wow" response. As the halo vehicle for Nissan's expanding range of bold crossovers and SUVs, the latest Murano also expresses a new Nissan design direction – including its V-motion front end, LED boomerang lights and the unique floating roof appearance recently introduced on the all-new 2016 Maxima.

Murano's breakthrough exterior design carries into the interior, which offers an engaging social lounge feel through features such as the refined instrument panel, wide center console, advanced NASA-inspired Zero Gravity front and outboard rear seating and the airy atmosphere created by the large windows and available oversized Power Panoramic Moonroof.

Available technology features include NissanConnect with Navigation and Mobile Apps, 8-inch color display with multi-touch control, SiriusXM Satellite Radio (SiriusXM subscription required, sold separately); Around View® Monitor, 8-way power driver's seat with power lumbar support, Nissan Intelligent Key® with Push Button Ignition, iPod® interface, 11-speaker Bose® premium audio system (including dual subwoofers), Remote Engine Start with Intelligent Climate Control (from key fob), Bluetooth® Hands-free Phone System and Streaming audio via Bluetooth®.

Responsive driving is provided by a standard 3.5-liter DOHC V6 connected to an advanced Xtronic transmission. Murano is available in front-wheel drive or Intuitive All-Wheel Drive.

Available safety and security systems include Moving Object Detection (MOD), Blind Spot Warning (BSW), Predictive Forward Collision Warning (PFCW), Forward Emergency Braking (FEB), Rear Cross Traffic Alert (RCTA) and Driver Attention Alert (DAA).

Enhancements for the 2016 model year:

- No significant changes currently for 2016
- Offered in Murano S, SV, SL and Platinum (FWD and AWD)

***All information current as of August 2015 and subject to change without notice. 10**
Please see www.nissannews.com for the latest Nissan product information

- Available January 2016

2016 Nissan Pathfinder

The 2016 Pathfinder again offers exceptional levels of versatility, fuel efficiency and full-size comfort for seven passengers. Pathfinder is available in 2-wheel drive and 4-wheel drive configurations, powered by a 260-horsepower 3.5-liter DOHC V6.

The attractive interior design includes comfortable seating for seven, along with Pathfinder's innovative EZ Flex Seating System™ with LATCH AND GLIDE™, an industry first 2nd row tip-up seat that allows easy 3rd row access with a child safety seat still installed. A range of available features is also offered, including Around View® Monitor and 13-speaker Bose® premium audio system.

Enhancements for 2016 include:

- Revised Almond interior with contrasting black and beige materials
- Cold Package (heated cloth front seats, steering wheel, outside rearview mirrors) available with SV grade
- SL grade adds standard heated steering wheel
- Offered in four models: S, SV, SL and Platinum (each available in 4WD and 2WD)
- Available in December 2015

2016 Nissan Quest

Designed with purpose inside and out, Quest offers functionality, unique styling and comfort for all occupants. For 2016, the boldly styled Nissan Quest again offers a range of family friendly features, including one-touch power sliding doors, quick release fold-flat 2nd and 3rd row seats, Advanced Climate Control System, and an always-available rear storage well.

Enhancements for 2016 include:

- Dual Panel Moonroof now standard on Platinum grade
- Offered in four well-equipped models: S, SV, SL and Platinum
- Available in November 2015

2016 Nissan Rogue

The Nissan Rogue, which was completely redesigned for the 2014 model year, challenges convention once again with bold emotive styling, a premium interior created with comfort and multi-tasking in mind, and an array of available affordable technologies. Rogue offers optional 3-row/7-passenger seating, along with exceptional passenger and cargo flexibility with its innovative EZ Flex Seating System™ and innovative Divide-N-Hide® Cargo System.

Every 2016 Nissan Rogue is equipped with a responsive 2.5-liter 4-cylinder engine rated at 170 horsepower and 175 lb-ft of torque. The engine is matched with an advanced Xtronic transmission. Rogue comes in three well-equipped models: S, SV and SL, each in a choice of front-wheel or all-wheel drive.

Enhancements for 2016 include:

- Forward Emergency Braking (FEB) added to Rogue SL Premium Package
- NissanConnect Services powered by SiriusXM added to Rogue SL
- Blind Spot Warning (BSW) functionality changed from camera-based to radar-based

***All information current as of August 2015 and subject to change without notice. 11**

- Siri™ Eyes Free added to Rogue SV Premium Package and Rogue SL
- Body-colored outside mirrors with integrated turn signals and chrome door handles added to Rogue S Appearance Package
- Addition of one new exterior color: Magnetic Black (Super Black no longer available)
- Offered in three well-equipped models: S, SV and SL (all models available in AWD and FWD)
- Available in fall 2015

Nissan Xterra

The Nissan Xterra has completed its current production cycle. After more than 750,000 Xterras sold since its introduction as a model year 2000 vehicle, the last Xterra will be sold in the fall of 2015.

NISSAN TRUCKS

2016 Nissan Frontier

The Nissan Frontier continues to be a leader in the mid-size truck segment, combining premium hardware, extraordinary power and an exceptional level of on- and off-road performance.

Enhancements for 2016 include:

- Three new exterior colors: Sunset Orange, Gun Metallic and Magnetic Black (Metallic Blue, Night Armor and Super Black no longer available)
- Moonroof added to Frontier Crew Cab SV model (late availability)
- Offered in both King Cab and Crew Cab body styles and in 4x2 and 4x4 driveline configurations, along with five trim grades: Frontier S (4-cylinder and V6), SV, PRO-4X (4x4 only), Desert Runner (4x2 only) and SL (Crew Cab only)
- Available in September 2015

2016 Nissan TITAN XD Crew Cab

Nissan challenges the full-size pickup segment in North America with the introduction of a "powerful precision tool" for hard-working, hard-playing buyers – the all-new 2016 Nissan TITAN XD. More than just a new model, TITAN XD creates a "new class" of pickup that stakes out a unique position in the segment between traditional heavy-duty and light-duty entries. The bold new design combines the capability of a heavy-duty hauler with the drivability and affordability of a light-duty pickup – and is anchored by a powerful Cummins® 5.0L V8 Turbo Diesel rated at 310 horsepower and a hefty 555 lb-ft of torque. It is mated to a heavy-duty 6-speed Aisin automatic transmission.

While the new TITAN XD offers the effortless towing and hauling of the larger, more expensive heavy-duty trucks – including a maximum towing capacity of more than 12,000 pounds* when properly equipped – it offers the fuel-efficiency* and affordability of a half-ton pickup.

TITAN's innovation leadership continues with cutting-edge available towing, utility features and driving aids, including an Integrated Trailer Brake Controller, Trailer Sway Control (TSC), Tow/Haul Mode with Downhill Speed Control and a Trailer Light Check system that allows one-person hook-up operation – including checking turn signals, brake lights and running/clearance lights. Also assisting trailer hook-ups is

TITAN's RearView Monitor with Trailer Guides, while the available Around View[®] Monitor (AVM) provides a unique "bird's eye" view of the surrounding area from front, rear and side cameras to help with parking and pulling in and out of tight spaces. The system also includes Moving Object Detection (MOD), which helps the driver detect moving objects such as vehicles, shopping carts or other large objects when backing out via an on-screen notification and warning chime.

Helping TITAN XD owners take advantage of its ample towing power are two available hitches – including an integrated gooseneck hitch engineered into the frame and easily accessible in the bed.

The new TITAN XD Crew Cab, with its powerful Cummins 5.0L Turbo Diesel V8, is the first of three cab configurations, two frame sizes, three powertrain offerings and five grade levels to be available later in the Nissan TITAN lineup. More information on the full lineup will be available at a later date.

- Offered in S, SV, PRO-4X, SL and Platinum Reserve models
- TITAN XD available in late 2015
- Gasoline-powered TITAN models coming in spring 2016

*Estimated figures, final figures to be available closer to production date.

NISSAN COMMERCIAL VEHICLES

Nissan Commercial Vehicles started business in the United States in spring 2011 after operating in Japan and globally since 1935. The lineup now includes the NV Cargo, NV Passenger, NV200 Compact Cargo and NV200 Taxi.

The NV Cargo and NV Passenger are assembled in Canton, Mississippi and the NV200 Compact Cargo and NV200 Taxi are assembled in Cuernavaca, Mexico. The vehicles are sold through a network of more than 300 certified Nissan Commercial Vehicle dealers nationwide.

2016 Nissan NV Cargo

The 2016 Nissan NV Cargo van again provides exceptional utility – thanks to a long, wide cargo floor, square-top wheelwell housings and nearly vertical sidewalls. Along with maximizing cargo space, the sidewalls accommodate aftermarket storage systems without excessive modification. The Nissan NV Cargo offers rugged body-on-frame construction combined with a High Roof, offering most users the ability to walk, stand and work in the cargo area.

Powering the rear-wheel drive Nissan NV Cargo is a choice of two powerful yet fuel-efficient engines – a 4.0-liter V6 and 5.6-liter V8. Both are mated to a standard 5-speed automatic transmission.

Enhancements for 2016 include:

- Supplemental front seat-mounted side-impact air bags and roof-mounted curtain side-impact air bags for front outboard occupant head protection (includes rollover sensor) added as standard equipment
- One new exterior color: Cayenne Red (Midnight Garnet is no longer available)
- Offered in three versions: NV1500, NV2500 HD and NV3500 HD, and in two roof configurations – Standard Roof and High Roof

***All information current as of August 2015 and subject to change without notice. 13**
Please see www.nissannews.com for the latest Nissan product information

- Available in September 2015

2016 Nissan NV Passenger

The 4-row/12-passenger Nissan NV3500 HD Passenger Van is offered for both personal and fleet use.

It features the most flexible seating configurations in the full-size passenger van segment, along with roof-mounted curtain supplemental air bags with rollover sensors for side-impact and rollover head protection for all outboard passengers, and standard headrests and integrated seat belts for all rear seating positions.

The NV Passenger Van is offered in a choice of two engines – a 261-horsepower DOHC 24-valve 4.0-liter V6 with 281 lb-ft of torque or a 317-horsepower DOHC 32-valve V8 with 385 lb-ft of torque. Both engines are matched with a refined, heavy-duty 5-speed automatic transmission.

Enhancements for 2016 include:

- Previous SL Technology Package content now standard on SL grade – includes NissanConnect with Navigation and Mobile Apps, 5.8-inch color display, Enhanced Voice Recognition for navigation and audio, Hands-free Text Messaging Assistant, Streaming audio via Bluetooth®, SiriusXM satellite radio (SiriusXM subscription required, sold separately) and RearView Monitor
- Two new exterior colors: Pearl White and Cayenne Red (Midnight Garnet is no longer available)
- Offered in three well-equipped models: the NV3500 HD S, the NV3500 HD SV and NV3500 HD SL (V8 engine only)
- Available in September 2015

2016 Nissan NV200 Compact Cargo

The popular NV200 Compact Cargo van provides large cargo capacity with a small exterior footprint. It offers an efficient 2.0-liter 16-valve 4-cylinder engine, a next-gen Xtronic transmission and a roomy cargo area, which allows for loading standard U.S. 40x48-inch pallets.

Enhancements for 2016 include:

- One new paint color: Taxi Yellow
- Offered in S and SV models
- Available in January 2016

2016 Nissan NV200 Taxi

The Nissan NV200 Taxi reflects the input of hundreds of taxi owners and drivers, and thousands of passengers from all walks of life. Key features include ample room for four passengers and their luggage, sliding doors with entry step and grab handles, transparent roof panel, independently controlled rear air conditioning, a mobile charging station for passengers, and antimicrobial, easy-to-clean seat fabric. NV200 Taxi comes with Nissan's proven 2.0L 4-cylinder powertrain. Standard safety equipment includes roof-mounted curtain supplemental air bags and driver and front-passenger seat-mounted side-impact supplemental air bags.

More information regarding the 2016 Nissan NV200 Taxi will be available closer to its January 2016 on-sale date.

Following is a "Fast Facts" overview of Nissan products for the 2016 model year:

2016 NISSAN CARS

2016 Nissan Altima	
Summary	Details on the new 2016 Altima will be available closer to its arrival at Nissan dealers nationwide.

2016 Nissan LEAF	
Summary	Details on the 2016 LEAF will be available later in the year.

2016 Nissan Sentra	
Summary	Details on the 2016 Nissan Sentra will be available upon its debut later in the year.

2016 Nissan Maxima	
Summary	The all-new 2016 Nissan Maxima sets a new standard for style, performance and technology in the large sedan segment. Its groundbreaking presence is also intended to "Maximize" the Nissan brand itself – as a halo vehicle showcasing the company's cutting edge design, performance and innovation leadership. Now in its eighth generation, the new 2016 Maxima takes the nameplate's position as the "4-Door Sports Car" to its highest execution ever.
Models/grades	Maxima S, SV, SL, SR and Platinum
Options/Packages	None
Engine	New 3.5-liter DOHC 24-valve V6 with more than 60 percent new parts – rated at 300 horsepower @ 6,400 rpm and 261 lb-ft torque @ 4,400 rpm; high specific output of 85.7 hp/liter
Transmission	New performance-oriented Xtronic transmission with wider ratio range, D-step shift logic, Adaptive Shift Control (which includes G-sensor) and unique Sport mode
Suspension	Independent subframe-mounted strut/coil spring front suspension, independent multi-link double wishbone rear suspension, ZF Sachs monotube rear shock absorbers; Maxima SR features a sport-tuned suspension with monotube rear dampers with unique damper tuning and a larger stabilizer bar in the front, along with a Performance Chassis Damper (similar to 370Z NISMO)
Fuel economy City/highway/combined	22/30/25 mpg
Key available features	Available premium Ascot Leather-appointed seats with diamond-quilted inserts (Alcantara® diamond-quilted inserts on SR model); available Active Sound Enhancement (ASE), Bose® premium audio system with 11 speakers and Active Noise Cancellation (ANC); Zero Gravity front seats; available Dual Panel Panoramic Moonroof; available 19-inch diamond-cut machined aluminum-alloy wheels
Key available technology	Standard NissanConnect with Navigation and 8.0-inch capacitive color display with smartphone-like controls and swipe-to-meter functionality, available Predictive Forward Collision Warning (PFCW), Intelligent Cruise Control (ICC), Driver Attention Alert (DAA) system, Forward Emergency Braking (FEB) and Blind Spot Warning (BSW) with Rear Cross Traffic Alert (RCTA); available NissanConnect Services powered by SiriusXM with automatic collision notification, remote start via smartphone, emergency call, stolen vehicle locator and more

2016 Nissan Versa Sedan	
Summary	The second-generation Nissan Versa Sedan continues to redefine entry-level car value with a sophisticated exterior design, well-appointed interior and exceptional room for five adults – including more rear legroom than some mid-size sedans.
Models/grades	S (5MT), S (4AT), S Plus (Xtronic), SV (Xtronic), SL (Xtronic)
Options/Packages	SV Appearance
Engine	109-horsepower 1.6-liter DOHC 16-valve 4-cylinder
Transmissions	5-speed manual, 4-speed automatic or Xtronic transmission
Suspension	Independent strut front, torsion beam rear with integrated stabilizer bar
Fuel economy City/highway/combined	27/36/30 mpg 5MT 26/35/30 mpg 4AT 31/40/35 mpg Xtronic
Key available features	Five-passenger practicality with a high degree of comfort and refinement, large interior volume (90.2 cubic feet), available Fine Vision instrumentation, 60/40-split fold-down rear seat
Key available technology	Dual fuel injectors, available RearView Monitor, Nissan Intelligent Key [®] , Easy Fill Tire Alert, SiriusXM Satellite Radio (SiriusXM subscription required, sold separately), Bluetooth [®] Hands-free Phone System (standard), NissanConnect with Navigation and Mobile Apps, 5.8-inch color touch-screen display, Nissan Voice Recognition for audio and navigation, SiriusXM Traffic and SiriusXM Travel Link [®] (fuel prices, weather, movie listings and stock info) (SiriusXM subscription required, sold separately), Streaming audio via Bluetooth [®] and Hands-free Text Messaging Assistant

2016 Nissan Versa Note Hatchback	
Summary	Versa Note offers an energetic exterior design and ample total interior volume, front headroom, rear legroom and cargo volume (with rear seats up). Available technology includes an Around View [®] Monitor, Active Grille Shutter and Tire Pressure Monitoring System with Easy Fill Tire Alert.
Models/grades	S (MT), S Plus (Xtronic), SV (Xtronic), SR (Xtronic), SL (Xtronic)
Options/Packages	SV Appearance, SR Tech
Engine	109-horsepower 1.6-liter DOHC 16-valve 4-cylinder
Transmissions	5-speed manual or Xtronic transmission
Suspension	Independent strut front, torsion beam rear with integrated stabilizer bar
Fuel economy City/highway/combined	27/36/30 mpg 5MT 31/40/35 mpg Xtronic
Key available features	Roomy interior with Fine Vision instrumentation, available heated front seats, smart packaging with available Divide-N-Hide [®] Adjustable Floor (adjustable rear load floor height), available AM/FM/CD/Aux-in audio system with 4 speakers, and USB input with iPod [®] controls
Key available technology	Available Easy Fill Tire Alert, Nissan Intelligent Key [®] , NissanConnect with Navigation and Mobile Apps, 5.8-inch color touch-screen display, Hands-free Text Messaging Assistant, RearView Monitor, Streaming audio via Bluetooth [®] , Around View [®] Monitor, Bluetooth [®] Hands-free Phone System, SiriusXM Satellite Radio (SiriusXM subscription required, sold separately)

2016 Nissan GT-R	
Summary	<p>Nissan GT-R remains the purest, most passionate expression of the Nissan brand. One of the most legendary street supercars in automotive history, the 2016 Nissan GT-R lineup includes the GT-R NISMO, GT-R Premium and GT-R Black Edition models.</p> <p>For information on the race-oriented GT-R NISMO, which delivers "factory tuned" supercar dynamics with revolutionary enhanced aerodynamics and ultra-precise handling, please see the following page.</p>
Models/grades	Premium, Black Edition
Options/Packages	Cold Weather, Premium Interior (Red Amber or Ivory)
Engine	Hand-assembled VR38DETT 3.8-liter twin turbo V6 rated at 545 hp and 463 lb-ft of torque (Premium, Black Edition)
Transmission	Dual clutch sequential 6-speed rear transaxle, magnesium paddle shifters, gear pre-selection
Suspension	<p>Front: independent double wishbone aluminum, integral tube-frame structure, six-point mounting</p> <p>Rear: independent multi-link aluminum, integral tube-frame structure, six-point mounting, aluminum upper/lower links (spherical bearing design)</p>
Fuel economy City/highway/combined	16/23/19 mpg
Key available features	Hybrid body construction is again a combination of steel, carbon fiber and die-cast aluminum, providing a unique combination of stiffness, precision and lightness, cockpit-style instrument panel, sculpted performance bucket seats, available Red Amber or Ivory color semi-aniline leather appointments, 11-speaker Bose® audio system
Key available technology	Mid-mounted front engine / rear transaxle ATTESA E-TS all-wheel drive, video game-inspired multi-function information display, RearView Monitor

*93 octane gasoline required

2016 Nissan GT-R NISMO	
Summary	<p>Now in its second year of availability, the Nissan GT-R NISMO delivers "factory tuned" supercar dynamics with advanced aerodynamics and ultra-precise handling. It takes the "standard" GT-R, which is already established as one of the best performing supercars in the automotive sphere, to an even higher level of street-legal driving excitement.</p> <p>Availability is limited in the United States for GT-R NISMO.</p>
Models/grades	NISMO
Options/Packages	Titanium Exhaust System
Engine	Hand-assembled VR38DETT 3.8-liter twin turbo V6 rated at 600 horsepower and 481 lb-ft of torque*
Transmission	Dual clutch sequential 6-speed rear transaxle, magnesium paddle shifters, gear pre-selection
Suspension	<p>Front: independent double wishbone aluminum, integral tube-frame structure, six-point mounting</p> <p>Rear: independent multi-link aluminum, integral tube-frame structure, six-point mounting, aluminum upper/lower links (spherical bearing design), unique NISMO tuning with specialized Bilstein® DampTronic gas pressure shock absorbers and spring rates</p>
Fuel economy City/highway/combined	16/23/19 mpg
Key available features	<p>Special aerodynamic body treatment designed to enhance road holding and minimize the negative impact of drag while adding to the GT-R's muscular appearance. The unique front bumper, engine undercover and carbon rear spoiler increase downforce, lowering the center of gravity and generating an additional 220 pounds of downforce (at 185 mph) compared to the standard GT-R models</p> <p>Racing-style Recaro® seats, interior trim features include discreet red stitching on the seats, center console, door trim and steering wheel, 11-speaker Bose® sound system</p>
Key available technology	Mid-mounted front engine / rear transaxle ATTESA E-TS all-wheel drive, video game-inspired multi-function information display, RearView Monitor

*93 octane gasoline required

2016 Nissan 370Z Coupe	
Summary	The Nissan 370Z Coupe remains one of the most vibrant and dynamic sports cars available in North America, as well as one of the best performance values – with a standard 332-horsepower 3.7-liter DOHC V6 engine and choice of 6-speed manual transmission or a 7-speed automatic transmission.
Models/grades	370Z, 370Z Sport, 370Z Sport Tech and 370Z Touring
Options/Packages	No available options
Engine	332-horsepower 3.7-liter DOHC V6 engine with Variable Valve Event and Lift Control (VVEL)
Transmissions	6-speed manual transmission with an available SynchroRev Match [®] or a 7-speed automatic transmission with paddle shifters and synchronized downshift rev matching system
Suspension	Double-wishbone front suspension, rear multi-link suspension; 3-point front strut tower brace; high response shock absorbers
Fuel economy City/highway/combined	18/26/21 mpg 6MT 19/26/21 mpg 7AT
Key available features	Traditional 2-seat sports car interior layout built around a deeply scooped instrument panel with a full-length center console separating the driver and passenger's seat, traditional Z [®] three-pod gauge cluster, available leather-appointed seats, Nissan Intelligent Key [®] with Push Button Start
Key available technology	SiriusXM Satellite Radio (SiriusXM subscription required, sold separately), Bluetooth [®] Hands-free Phone System, Nissan Hard Drive Navigation System with 7.0-inch VGA touch-sensitive display, Bluetooth [®] Streaming Audio, RearView Monitor, Bose [®] audio system with 8 speakers, Active Noise Cancellation (ANC), Active Sound Enhancement

2016 Nissan 370Z NISMO	
Summary	The 2016 370Z NISMO offers a dramatic exterior design and NISMO-exclusive interior accents, including black-and-red Recaro® leather-appointed seats with Alcantara® accents. As in previous years, it stands apart from non-NISMO 370Z Coupe models with 350 horsepower, a specially tuned suspension and unique super-lightweight forged alloy wheels.
Models/grades	370Z NISMO, 370Z NISMO Tech
Options/Packages	None
Engine	350-horsepower 3.7-liter DOHC V6 engine with Variable Valve Event and Lift Control (VVEL)
Transmission	Close-ratio 6-speed manual transmission with SynchroRev Match® or 7-speed automatic with Downshift Rev Matching (DRM), Adaptive Shift Control and manual shift mode with paddle shifters
Suspension	NISMO-tuned double-wishbone front suspension, rear multi-link suspension – including higher spring and stabilizer bar rates and increased roll stiffness and front and rear damping factors (compared to non-NISMO models), strut tower bar brace and a pair of performance dampers
Fuel economy City/highway/combined	18/26/21 mpg 6-speed manual 19/26/21 mpg 7-speed automatic
Key available features	NISMO aerodynamic body design with unique front and rear fascias, side sills and low-profile rear spoiler, bi-functional xenon headlights, LED Daytime Running Lights, heated side mirrors with integrated turn signals, Alcantara®-appointed leather-wrapped steering wheel, NISMO red tachometer, aluminum-trimmed pedals
Key available technology	Nissan Navigation System with 7.0-inch VGA touch-sensitive display, RearView Monitor, SiriusXM Satellite Radio (SiriusXM subscription required, sold separately), Streaming Audio via Bluetooth®, HomeLink® Universal Transceiver, Bluetooth® Hands-free Phone System, Bose® audio system incorporating Active Noise Cancellation (ANC) and Active Sound Enhancement (ASE)

2016 Nissan 370Z Roadster	
Summary	The 370Z Roadster offers an unmatched balance of dynamic performance, sculptured styling, innovative technology and exceptional value – along with the exhilaration of pure open-air motoring.
Models/grades	370Z Roadster, 370Z Touring Roaster and 370Z Touring Sport Roadster
Options/Packages	No available options
Engine	332-horsepower 3.7-liter DOHC V6 engine with Variable Valve Event and Lift Control (VVEL)
Transmissions	6-speed manual transmission with an available SynchroRev Match [®] (Touring Sport only) or a 7-speed automatic transmission with paddle shifters and downshift rev matching
Suspension	Double-wishbone front suspension, rear multi-link suspension; 3-point front strut tower brace; high response shock absorbers
Fuel economy City/highway/combined	17/24/20 mpg 6MT 18/25/21 mpg 7AT
Key available features	Added structural body reinforcements (compared to the 370Z Coupe), power automatic latching top with an emphasis on providing a sleek silhouette with the top up or down and offering easy single-action open-close operation, Nissan Intelligent Key [®] , available heating and cooling ventilated net seats
Key available technology	SiriusXM Satellite Radio (SiriusXM subscription required, sold separately), Bluetooth [®] Hands-free Phone System, available Nissan Hard Drive Navigation System with 7.0-inch VGA touch-sensitive display, Bluetooth [®] Streaming Audio, RearView Monitor

2016 NISSAN CUVs, Minivan and SUVs

2016 Nissan JUKE	
Summary	<p>The Nissan JUKE once again stands out from the crowd with its fiercely sculpted headlights and hood, muscular lines, hidden rear door handles and fluid rear hatchback design. Inside, the distinctive JUKE interior continues to combine bold design with traditional hatchback functionality. Its sporty front bucket seats – available in a choice of fabric or leather appointments – frame the unique motorcycle tank-inspired center console. In the rear is a 60/40-split fold-down bench seat.</p> <p>As always, JUKE offers sporty performance to match its distinctive style. Built on Nissan’s proven global B-platform, JUKE looks exactly like it drives – fun, bold and exciting.</p> <p>Perhaps the most intriguing aspect of the 2016 JUKE is the ability to personalize both the exterior and interior with a range of “color packs” to change the look and feel of the vehicle.</p>
Models/grades	S, SV, SL – FWD or AWD
Options/Packages	Tech, Cold Weather, SV Solar Yellow Personalized Package, SL Super Black Personalized Package
Engine	1.6-liter DOHC 16-valve 4-cylinder, rated at 188 horsepower, 177 lb-ft of torque
Transmission	Xtronic with Manual Mode and D-step Logic Control; available torque vectoring AWD system, which helps reduce understeer when cornering and enhances cornering feel
Suspension	Front – independent strut with stabilizer bar; Rear (AWD) – multi-link with stabilizer bar Rear (FWD) – torsion bar with integrated stabilizer bar
Fuel economy City/highway/combined	26/31/28 mpg Xtronic AWD 28/32/30 mpg Xtronic FWD
Key available features	Unique motorcycle tank-inspired center console; rear 60/40-split fold-down bench seat; available innovative Integrated Control (I-CON) system combines control of the automatic A/C and the three-mode drive selector – Normal, Sport and Eco – adjusting throttle, transmission (CVT) and steering feel; available power moonroof
Key available technology	Standard RearView Monitor, Siri™ Eyes Free and NissanConnect with Mobile Apps with 5.0-inch color display, USB connection port for iPod® interface and other compatible devices, Bluetooth® Hands-free Phone System, Streaming audio via Bluetooth® and Hands-free Text Messaging Assistant; available NissanConnect with Navigation and Mobile Apps, with a 5.8-inch color touch-screen monitor, enhanced voice recognition for audio and navigation, SiriusXM Traffic and SiriusXM Travel Link® (SiriusXM subscription required, sold separately); available Around View® Monitor

*Estimated figures, final figures to be available closer to production date.

2016 Nissan NV Cargo	
Summary	The Nissan NV Cargo van remains a standard bearer in the commercial van segment. Designed from the ground up, from its rugged ladder frame to the roof rack mounting brackets on the top of the innovatively conceived and styled body, the Nissan NV Cargo is available in three innovative versions and in Standard Roof and High Roof body configurations. High Roof models offer most users stand-up walkthrough/work cargo area capability.
Models/grades	NV1500 S, NV1500 SV, NV2500 HD S V6, NV2500 HD SV V6, NV2500 HD SL V6, NV2500 HD S V8, NV2500 HD SV V8, NV2500 HD SL V8, NV3500 HD S V8, NV3500 HD SV V8, NV3500 HD SL V8 – Standard (all grades) and High Roof (2500/3500 only)
Options/Packages	Power Basic, Back Door Glass, All Around Glass, Sliding Door Glass, Vinyl Seat, Technology Package w/Rear Camera
Engines	4.0-liter 24-valve DOHC aluminum-alloy V6 rated at 261 horsepower and 281 lb-ft of torque 5.6-liter 32-valve DOHC aluminum-alloy V8 rated at 317 horsepower and 385 lb-ft of torque
Transmission	5-speed automatic
Suspension	Independent front suspension with stabilizer bar, solid rear axle with leaf springs and stabilizer bar
Key available features	Rugged, masculine design combines a full-length hood with access to the engine for service and maintenance; broad bodysides with ample room for company logos and advertising messages; tall, wide doors; roomy, comfortable interior with wide, supportive seating and an expansive instrument panel; passenger seat with segment-exclusive fold-down feature, providing a convenient worktable; available lockable center console with innovative storage compartments and space to hold binders, hanging file folders and a laptop computer; wide overhead console (available with High Roof models); large door pockets and storage drawer under the driver's seat
Key available technology	Available NissanConnect with Navigation and Mobile Apps, 5.8-inch touch-screen display, Nissan Voice Recognition for audio and navigation, SiriusXM Traffic and SiriusXM Travel Link® (SiriusXM subscription required, sold separately), Bluetooth® Hands-free Phone System, Hands-free Text Messaging Assistant, USB interface navigation, USB interface, SiriusXM Satellite Radio (SiriusXM subscription required, sold separately) and RearView Monitor

2016 Nissan NV Passenger	
Summary	Offered for both personal and commercial use, the 4-row/12-passenger Nissan NV Passenger features the most flexible seating configurations in the full-size passenger van segment, along with roof-mounted curtain supplemental air bags with rollover sensor for side-impact and rollover head protection for all outboard passengers and standard head restraints and integrated seat belts for all rear seating positions.
Models/grades	NV3500 S, NV3500 SV, NV3500 SL (V8 only)
Options/Packages	Power Basic, SV Technology
Engines	4.0-liter 24-valve DOHC aluminum-alloy V6 rated at 261 horsepower and 281 lb-ft of torque 5.6-liter 32-valve DOHC aluminum-alloy V8 rated at 317 horsepower and 385 lb-ft of torque
Transmission	5-speed automatic
Suspension	Independent front suspension with stabilizer bar, heavy-duty 8-lug solid rear axle with leaf springs and stabilizer bar
Key available features	Unmatched seating flexibility, featuring 12-person seating capacity with up to 324 possible seat configurations; large comfortable 1 st row seats include integrated inboard and outboard wear patches for durability; removable and repositionable split 2 nd and 3 rd row seats; 50/50-split 4 th row seat that can be partially or completely removed as needed; available leather-appointed seats for all four rows; available 8-way power driver's seat with manual lumbar support and front driver and passenger's heated seats; low step-in height, easy ingress and egress without intrusive seat belts (integrated into rear seats); wide door openings and rear 50/50-split doors for easy cargo and luggage loading
Key available technology	Available NissanConnect with Navigation and Mobile Apps, 5.8-inch touch screen display, Nissan Voice Recognition for audio and navigation, SiriusXM Traffic and SiriusXM Travel Link [®] , SiriusXM Satellite Radio (SiriusXM subscription required, sold separately); Bluetooth [®] Hands-free Phone System, Hands-free Text Messaging Assistant, USB interface navigation, USB interface and RearView Monitor

2016 Nissan NV200 Compact Cargo	
Summary	As the “innovation for business,” the NV200 Compact Cargo van is designed as a “right-sized” entry point for current cargo van and small pickup buyers looking for an alternative to their larger, less fuel-efficient vehicles. It offers 122.7 cubic feet of cargo space behind the front seats and a 53-inch cargo height, which is comparable to many standard roof full-size vans. It also features tall cargo door openings – including the standard 40/60-split rear doors – and a low cargo floor liftover height of 21.1 inches.
Models/grades	S, SV
Options/Packages	Back Door Glass, Sliding Door Glass, Bluetooth® Hands-free Phone, SV Technology, SV Exterior Appearance, Cruise Control, Rear Sonar System, Taxi Yellow paint
Engine	2.0-liter 16-valve DOHC 4-cylinder engine rated at 131 horsepower and 139 lb-ft of torque
Transmission	Next-gen Xtronic
Suspension	Independent front suspension with stabilizer bar, multi-leaf rear suspension with solid axle, twin tube shocks
Fuel economy City/highway/combined	24/26/25 mpg (TBC)
Key available features	Car-like handling, with a small turning radius for easy parking and maneuvering in city traffic; comfortable, commanding driving position; passenger seat includes a fold-down feature, providing a convenient worktable; integrated mounting points are included to allow for third party upfitting of racks and bins; roomy cargo area also allows for loading standard U.S. 40x48-inch pallets; standard integrated mounting points for installation of racks and shelves without drilling into the sidewalls
Key available technology	Available Bluetooth® Hands-free Phone System; NissanConnect with Navigation and Mobile Apps with 5.8-inch touch-screen display, Nissan Voice Recognition for audio and navigation, SiriusXM Traffic and SiriusXM Travel Link® (SiriusXM subscription required, sold separately); Hands-free Text Messaging Assistant, USB interface and RearView Monitor

2016 Nissan NV200 Taxi	
Summary	NV200 Taxi is the product of a unique development collaboration – reflecting the input of hundreds of taxi owners and drivers, and thousands of passengers from all walks of life. Designed “from the inside out” with ample room for four passengers and luggage, NV200 Taxi offers easy entry/exit sliding doors, a panoramic transparent roof panel, anti-microbial seating surfaces and independently controlled rear air conditioning.
Models/grades	NV200 Taxi
Options/Packages	None
Engine	2.0-liter 16-valve DOHC 4-cylinder engine rated at 131 horsepower and 139 lb-ft of torque
Transmission	Next-gen Xtronic
Suspension	Independent strut front suspension with stabilizer bar, multi-leaf rear suspension with solid axle
Fuel economy City/highway/combined	24/26/25 mpg (TBC)
Key available features	Ample room for four passengers and their luggage, offering substantial improvements over current taxi models; sliding doors with entry step and grab handles, which provide easier entry and exit and may lessen risk of pedestrians, cyclists and other motorists getting struck by doors opening unexpectedly; transparent roof panel, presenting unique views of the city; independently controlled rear air conditioning; mobile charging station for passengers, including a 12-volt electrical outlet and two USB ports; breathable, antimicrobial, environment-friendly, durable and easy-to-clean seat fabric; flat “no hump” passenger floor area for more comfortable ride; roof-mounted curtain supplemental air bags and driver and front-passenger seat-mounted side-impact supplemental air bags
Key available technology	Standard NissanConnect with Navigation and Mobile Apps, 5.8-inch touch-screen display, Nissan Voice Recognition for audio and navigation, SiriusXM Traffic and SiriusXM Travel Link [®] (SiriusXM subscription required, sold separately); Bluetooth [®] Hands-free Phone System, SiriusXM Satellite Radio (SiriusXM subscription required, sold separately)

About Nissan North America

In North America, Nissan's operations include automotive styling, engineering, consumer and corporate financing, sales and marketing, distribution and manufacturing. Nissan is dedicated to improving the environment under the Nissan Green Program and has been recognized annually by the U.S Environmental Protection Agency as an ENERGY STAR® Partner of the Year since 2010.
